Hello FCA Southwest Region Members,

There is big news from FCA National in the name of "Bucks Back," a new program with money saving benefits on discounts from any authorized Ferrari dealer in the US and Canada, driving schools, vehicle lease and transportation companies. Plus you can obtain a Visa credit card with your personalized photo. The discount from just one service could pay for your year's membership, so there's never been a better reason to be a FCA member. Our own Marv Landon is FCA National Membership Chairperson, and our thanks to him and others for putting together this nationwide program.

Take a look at our events calendar! Two full pages of events are scheduled with others in the planning stages. The diversity of our events reflects the different interests of our event chairpersons who volunteer their time to organize activities for the rest of us to enjoy. We encourage your participation.

By having an enthusiastic group of event chairpersons doing events they enjoy, leads us to the ever present challenge to keep developing new interesting events to mix in with our traditionally popular events so that our group's activities remains fresh and relevant.

One idea that I've had for an event but haven't been able to make the right connections would be to have an event on a studio back lot with our cars. After all, we live in Hollywood and it would seem possible to have a party/barbecue/film screening among a city facade. Perhaps it could have a charity component to allow for broader impact and allow our club to give back or bring recognition to a deserving organization. So please contact me if you have any ideas on how something like this could be done or other fun events that you would like to see our club offer, as we want to offer events all of you will want to come to.

There are several changes to our informal In Your Area events with new venues and new days when they meet for three of the groups. Mark's Valley location where EuroSunday meets has moved to the Westfield Promenade and is supported by the Auto Gallery. Guy's Ventura group now gathers at the Santa Paula Airport during their open hanger Sunday, and the West LA first Saturday drive is back on, lead by Kenny with a new start location at The Glen Center with a longer drive.

Our club is about having events for our members, but the events are held by some very generous hard working people who volunteer their time and energy for us to have some fun with our Ferraris. You can further enjoy your membership in the Ferrari Club of America by participating in some events that you might not normally go to. If you're a concours person, sign up for a driving event to feel and hear your Ferrari through the open roads or bring some friends to a social event such as our Kentucky Derby Party or our polo matches to experience cavallino of a different variety.

I look forward to seeing you at several of our events in the months to come.

The defect involves the fuel line divider block located inside of the engine compartment. It has been determined that it is possible that independent automobile repair facilities may improperly install certain screw clamps that are located in close proximity to the fuel lines and that fasten the water sleeve to the thermostat connection. The improper installation of these screw clamps may damage the fuel supply pipes, which in turn could leak fluid into the engine compartment, causing smoke and, in some circumstances, a fire, rendering the vehicle inoperable and possibly resulting in a crash. For these reasons, Ferrari has decided to launch a Recall Campaign to install a new fuel divider block, which will serve to provide a greater distance between these screw clamps and the fuel lines.

The FCA Hearst Castle Weekend

Our weekend started

Article and Photos By
Carlos Amato

early Friday morning in Calabasas, where after our drivers briefing and a light breakfast we group departed towards Ojai. The drive took us through some of the most amazing roads in Southern California, including Highway 166 and side roads around Santa Maria, San Luis Obispo and Cambria.

Our trip had plenty of long stretches where we really got to enjoy our cars. Our traditional lunch stop once again was at the famous Jockos Steakhouse in Nipomo. The real treat was that on a drive like this, you really get to connect with your car, which is not the case when driving in the city.

We arrived at Morro Bay early afternoon and checked in our hotel, The Inn at Morro Bay. After resting for a while we took a private trolley to the Morro Bay port and boarded the luxury yacht Papagallos for a lovely dinner at sea (OK, just around the bay). Dinner consisted of exquisite appetizers and several main courses, drinks and coffee. The tour lasted a couple of hours, after which we returned to the hotel.

The next morning after having breakfast at the hotel overlooking the bay, we drove to Hearst Castle. The drive from Morro Bay to San Simeon is one of the best in California. There is no traffic, you drive by ocean and the views inland are breathtaking. Before the tour, we had a chance to see the new documentary film on the history of the castle and the San Simeon area. The Castle now has a real nice gift shop, café and old artifacts display, including one of the original fire trucks.

Hearst Castle's luxurious Neptune Pool. FCA members and the Morro Bay.

Photo captions this page:

Morrow Bay sunset. Mr. Cole tells stories aboard the yacht Papagallos.

On our way back we stopped in Cambria for lunch. Cambria is a small town on the coast, next to the San Simeon hotel. It has a short main street with lots of cute little shops that sell crafts and local goods. In the afternoon, we returned to downtown Morro Bay to see the Annual Festival and Farmers Market.

I want to thank Tony Cole for organizing the event and making all this happen.

See you next year? 

Christmas Luncheon

at the Walt Disney Concert Hall

Near monsoon

Event Photos By
Marv Landon

rain failed to deter eighty members and guests from attending our annual Christmas Luncheon at the world-renowned Walt Disney Concert Hall last mid-December. Only four slightly misguided members drove their Ferraris (I being one) for display under such adverse conditions. For me, it was a great opportunity to appreciate the car's excellent traction control.

Most attendees took the private group tour of Frank Gehry's design signature concert hall and, reportedly had a great experience just prior to our own program.

Following very social wine reception in our private dining room at Patina Restaurant, we enjoyed a three course meal consisting of Butternut Squash Soup, Roasted Jidori Chicken and specially designed cheesecake infused with Ferrari red Raspberry compote. Service and lunch was excellent since we had the entire staff including Master Chef Tony Esnault as well as General Manager Christian Philippo attending to everyone's desires.

During our meal, Ms. Leanna Brand and seven of her Master Chorale associates sang a capella, a dozen outstanding pieces such as Adeste Fidelis, Coventry Carol, Tu Scendi Dalle Stelle as well as the beautiful old Russian Orthodox - Bless Thou the Lord, Oh My Soul. With professional voices of clarity and power, even singing Ding Dong Merrily on High made for great music. It was indeed very special to have taken place in a great restaurant with fine friends.

Some are asking; where do we go from here for our next year's performance? Perhaps a private tour at Cathedral of Our Lady of the Angeles with the Master Chorale's 16-voice choir? - Stay tuned.

FACTORY ANNOUNCEMENT

Ferrari Recall

355

Ferrari SpA, the manufacturer of Ferrari automobiles, has determined that a defect relating to motor vehicle safety exists in certain Model Year 1995-1999 Ferrari 355 Vehicles.

The defect involves the fuel line divider block located inside of the engine compartment. It has been determined that it is possible that independent automobile repair facilities may improperly install certain screw clamps that are located in close proximity to the fuel lines that fasten the water sleeve to the thermostat connection. The improper installation of these screw clamps may damage the fuel supply pipes, which in turn could leak fluid into the engine compartment, causing smoke and, in some circumstances, a fire, rendering the vehicle inoperable and possibly resulting in a crash. For these reasons Ferrari has decided to launch a Recall Campaign to install a new fuel divider block which will serve to provide a greater distance between these screw clamps and the fuel lines.

The vehicles affected are as follows:
Model Year 1995 - 1999 Ferrari 355 and 355 F1 vehicles in the VIN range:
ZFFPR42A9S0101818 to ZFFXR48A1X0117039.

If your vehicle is in the VIN range, you should contact an Authorized Ferrari Dealer immediately in order to arrange for an inspection of your automobile and to have the corrective action performed.

snaidero

Saturday, May 22 9:30 am to 11

KITCHENS + DESIGN

Snaidero USA would like to invite the FCA Southwest Region members to a private continental breakfast at its flagship kitchen showroom in West Hollywood.

Ferrari owners will get the chance to discover the curious affinities between their cars and some of our most luxurious kitchens... designed exclusively for Snaidero by Ferrari stylist Pininfarina himself.

The relationship between Snaidero and Pininfarina originated 16 years ago from the desire to break away from all conventions and find new ways to think of the kitchen space; hence the future of kitchen design was born.

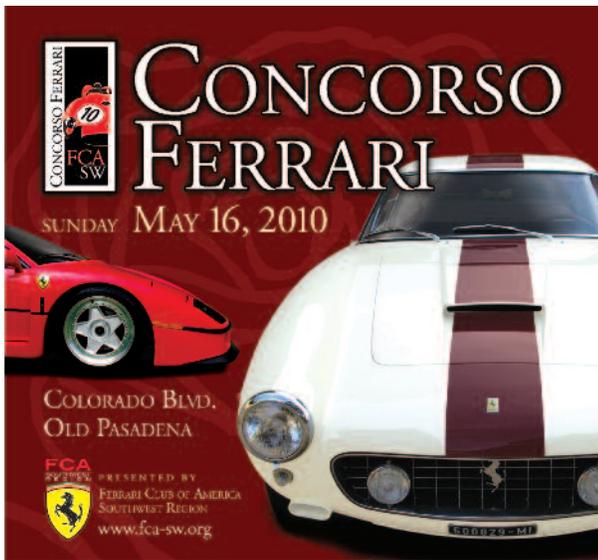

Pininfarina brought his knowledge of advanced automotive technology to the table to create a series of revolutionary models which have, since then, become award-winning, iconic pieces of design and sought-after status symbols.

From state-of-the-art innovation and sexy curves to stylish uniqueness and chromatic vitality, the Snaidero/Pininfarina kitchens have all the trademarks you might expect from the genial creator of the Ferrari cars.

Come to Snaidero USA Los Angeles to explore the world where car excellence meets kitchen sophistication.
