Hello FCA Southwest Region Members,

I just returned home from the National Board Meeting in Washington, D.C. We had three days of intensive meetings regarding the future of our fine club. A major topic was the reviewing and discussing of the Ferrari Club of America's Revised Bylaws. After much scrutinizing, a vote was taken and we approved the proposed changes to the Bylaws. Now the entire membership gets to cast their vote. I urge you to vote yes and approve these changes. A lot of time and effort went into bringing the Bylaws up to date to reflect the needs of the membership at this point in time. Please read the Bylaws and vote as soon as possible.

Another important discussion was the increasing membership numbers. We now have 5,396 Members in the Ferrari Club of America. The membership is up fifteen percent. We want to retain these members and a number of innovative ideas were brought to the table. Thanks were given to Ferrari North America for offering a complimentary membership to our club for new Ferrari owners. Please note that the complimentary membership for one year is for new members only. Please make new members feel welcome at events. If you can introduce yourself and invite them to your table, it will go a long way to making them feel happy that they joined our fantastic club.

I hope you can join me on my President's Drive and Party on Saturday, April 20. I promise the drive will be passenger friendly. We will leave from the site of Mogan's Café in the Palisades and cruise for approximately one hour and fifteen minutes. Malibu Golf Club is our destination where we will rock to the Brady Harris Band at the outdoor Malibu & Vine. The chef is promising some tasty treats for us to enjoy as we take in the breath taking views of the spectacular golf course.

Sunday, May 19th is one of our club's favorite events, Concorso Ferrari in Old Pasadena. Join us for a fantastic day on Colorado Boulevard with 140 of the finest Ferraris in Southern California. Awards will be presented in 10 classes by a panel of 30 Ferrari experts. There will be vendors and sponsors specializing in automotive apparel, travel, accessories and delicious food for you to enjoy.

Please mark your calendar for the Election Picnic on Sunday, June 2 at the South Coast Botanic Garden in Palos Verdes. We will be announcing our new President and Board of Directors (yes, it's been two years already for me!). We are honoring the 355's, my favorite, but all Ferraris are invited.

Hope to see you soon.

Happy Motoring,

Diane Peterson

Italian Night

Sunset Run and Dinner

Last August

Article and Photos By
Kenny Lombino

we ran the third annual “Italian Night” run. This was a lovely way to end the summer events with a low key drive through beautiful scenery, where we enjoyed subdued driving, and shared the event with our wives, girlfriends, significant others and friends. Passengers who otherwise might not want to come on other more spirited runs. The event is about camaraderie, beautiful roads, friendship, and of course good food. This being our third event, it seems to have become quite popular as twenty eight cars signed up with fifty six Ferrari fans in attendance.

As in the past, the run started in Sherman Oaks and took us through the Santa Monica Mountains, then down Pacific Coast Highway to watch the sunset. After a meet and greet of everyone including six new first time members, we went over the rules of the run. Safe driving and obeying the traffic laws are always emphasized, along with common courtesy for your follow driver. Questions were answered and then the driving instructions and route were handed out. It was also mentioned that no one had to follow anyone, and each could drive at their own pace. The instructions were simple and the restaurant had ample reserved parking for any late arrivals.

So off we went. The route took us up the 101 to Topanga Cyn. Rd. then to Mulholland Highway, driving to Stunt Rd. and then navigating to the top of Stunt Rd for a breathtaking view of the Santa Monica Bay and a photo opportunity. All took in this beautiful sight, a few pictures were taken, and we were off to continue our drive. Down toward PCH we headed and then made a quick right to take us back up into the mountains. The roads were all in excellent shape, the scenery beautiful, and the weather perfect. We drove canyons to our hearts content winding up driving through the small community of Malibu Lake. Many had never seen this beautiful small community and of course there were many comments as to “Oh I would love to live here” or “Can we come here the next time”.

After driving through Malibu Lake we once again wound our way to Mulholland Highway and headed for the ocean and our sunset view as we drove down Pacific Coast Highway. With no traffic on PCH we headed towards Topanga Canyon to drive up and over the hill down to the town of Calabasas and our restaurant for our evening meal.

This year's restaurant was Rosti in the Calabasas Commons. The restaurant is owned by the son of one of our members, Mr. Gary Goldfine. Now in truth, I must admit I was a bit apprehensive in choosing this location, as the previous owners were not known for the best food. After being reassured by Gary that his son had changed everything about the restaurant except the name, and after going for a tasting, I felt highly confident that this would work out fine. Boy was I wrong, "fine" is the wrong word. The restaurant, the staff, and Gary's son Kevin went over the top to make this one incredible evening of the best Italian food and wine anyone could ask for.

The food was served family style and there was plenty of it. Four courses and seconds if you wanted, plus enough that anyone who wanted was able to take a bit home. Not only did Kevin go out of his way to make this evening special, he also had the Francis Ford Coppola Winery supply the wine! The Coppola Winery sent one of their reps who gave a small talk about the Winery and a description of every wine that was to be served that evening. As if this wasn't enough, the Winery also held a free raffle and gave away many bottles of wine. The evening was just magnificent! Special thanks to Rosti, the staff, Kevin Goldfine the owner, and Gary Goldfine for making this a night to remember.

These events I put on are a labor of love for me. Nothing makes me happier than being able to organize a ride where we can enjoy our Ferraris, enjoy each other's company, have good conversation, and have smiles on our faces. I thank you all for coming out and I look forward to this August when we will run the fourth annual "Italian Night" All in all, a grand time was had by everyone. 

Reagan Library

and Museum Tour

Mother

Article and Photos By
Bruce Leeds

Nature did not cooperate with the FCA for the event on Saturday, November 17. As a result of impending rain, many participants did not drive their Ferraris – only about 5 Prancing Horses came to Ronald Reagan Library and Museum in Simi Valley. Nonetheless, the turnout of FCA members was excellent, regardless of how they got there.

FCA members were met by two docents and divided into two groups for a tour of the museum. Everyone braved the light rain to see a section of the Berlin Wall and Ronald Reagan's gravesite before going inside. The museum is broken down into the childhood, Hollywood and political phases of Ronald Reagan's life. There was a special emphasis on his Presidency and Cold War relations. The museum has been completely redone in the last couple of years, so even for people who had been there before it was significantly different now. The tour ended at Air Force One, a complete Boeing 707 that served as the aircraft for several presidents that is mounted on pedestals completely within the museum. The FCA members had an opportunity to have their photo taken at the entrance to the plane and tour the Presidential aircraft. Underneath the airplane in a three story gallery are the Presidential helicopter Marine One and a Presidential limousine with motorcade.

After lunch in our reserved area under Air Force One, everyone was free to return to the museum or to see the other exhibits. Those other exhibits included two galleries of decorated historical Christmas trees and a Disney exhibit. The latter was very interesting. Walt Disney and Ronald Reagan became friends when Disneyland opened in 1955, so it was appropriate to host this exhibit of unique Disney items at the Reagan Library and Museum. The Disney exhibit was there only for a while and exhibited many items from Walt Disney's life and various costumes and props from Disney movies from the beginning to the present.

Attendees were free to experience the facility as they chose. The sun was shining by mid-afternoon, which made for a good drive home and a nice end to a FCA event.

Holiday Party

Marina del Rey Boat Parade

Christmas

Article and Photos By
Diane Peterson

was in the air as we arrived at the fabulous Shanghai Red's in Marina Del Rey on Saturday December 8th. Excitement stirred as the boats were having final decorations secured into place. "Here Comes Santa Claus" blasted from a huge yacht's speakers.

This year's boat parade theme was "Celebrating 50 years, A Solid Gold Christmas Celebration". There was a beautifully decorated Christmas tree at the entrance to the restaurant and a super friendly hostess escorted us to our very private dining room directly on the waterfront. Santa had left gift bags for each Ferrari couple with a cozy, commemorative throw from the FCA Annual Meet to keep them warm on chilly nights.

The celebration began with a spectacular firework display. Then the incredible parade of over 100 decorated boats sailed past our huge bay windows. Reindeer flying and Santas waving with amazing displays of creativity, left us all cheering and clapping for our favorites.

The extravagant dinner buffet was out of this world. We all kept going back for seconds and thirds of shrimp, crab legs, gourmet salads, turkey, filet mignon, salmon, sushi, pasta, prime rib, ham, leg of lamb and a spectacular dessert display. We then danced off some of that great meal to the sounds of the fantastic DJ. It was a fabulous night to kick off the Holiday Season. Thanks to everyone who came! *SP*

Judging Seminar

Newport Harbor Drivers Club

We held

Article By Wally Clark Photos By Tom Brockmiller

the 3rd annual Judging Seminar on Saturday, February 2nd at the Newport Harbor Drivers Club in Costa Mesa. We had about 25 participants show up this time to bone up on their skills on judging Ferraris per the FCA National guidelines. We showed the judging power point presentation (that is on the FCA National website) put together by FCA National Chief Judge, Chris Current.

Tom Shaughnessey (FCA National and Pebble Beach Judge) addressed the group on the theories behind FCA judging at all events and gave tips on what to look for in judging a car. After the presentations, we broke into groups and did some actual judging of a variety of Ferraris that were in attendance. We hope that some of the attendees will be able to help judge at the upcoming Concorso Ferrari event in Pasadena on May 19, 2013.

The yellow 355 in the photos belongs to Bob Estrada and the red 355 belongs to Peter Riley (it was the Greatest 8 Award winner (Outstanding 8 cylinder Ferrari), Platinum and Coppa Bella Machina winner at the FCA Meet in Palm Springs). We also had a 355 Spider (Denise Ferrari's car) and a couple of Daytonas to look at. After comparing notes on the cars, we adjourned for lunch provided by Tom and Linda Brockmiller.

A big "Thank You" to Garry Roberts for letting us use the Drivers Club venue. *sf*

Garage Tour and Luncheon

Gary Bobileff

is a world renowned restorer of Ferraris, Maseratis, Lamborghinis and the occasional Iso. His facility in San Diego is beyond impressive. The Bobileff Motor Car Company offers complete restorations of these cars as well as ordinary maintenance or minor repairs. Bobileff is no stranger to Pebble Beach as his restorations have been winners there and other major concours events.

It was with great anticipation that a group of our members as well as some of Gary's clients gathered at his shop for a complete tour and explanation of his operation which was to be followed by a fine paella luncheon.

To begin, Gary explained that his clients are world-wide and gave the history of some of the cars for sale in beautiful showroom. Next, we were taken to the mechanical section where there were a number of Ferraris and Lamborghinis in various stages of repair and restoration. More than seven Lamborghini Miuras were counted along with two earlier Lamborghini models. Looking at these cars, it was easy to understand why Bobileff's efforts result in prize winning classic cars.

From the mechanical portion of the facility, we were taken to the body shop where technicians there can do anything from repairing a minor fender bender to actually building parts and even complete bodies for these Italian classics. The painting facility is state of the art as well. Gary explained in detail just how his projects are prepared for concours winning paint jobs.

Finally, we were shown the upholstery section of his facility. Once again, the people in this department can repair minor interior damage as well as create an exact and complete interior using original fabrics and leathers from suppliers around the world.

14th Annual

Ortega Run

to Thornton Winery

On a beautiful

Article By

Southern California morning on February 23, the 14th Annual Ortega Run began from its usual starting place just off the Ortega Highway in San Juan Capistrano. The weather was perfect and a truly beautiful drive through our scenic back roads of Southern California was enjoyed by over 70 people.

Watching our group leave from the starting point was a tifosi's dream. Included in our group were a number of Enzo era cars that included a 250 SWB, a 250 Europa, a 375 MM, a few Daytonas, a 365 2+2, a Lusso and a Boxer, all of which provided the usual sounds that raise the hair on the back of your neck when they are exercised to full throttle. Seeing and hearing these older cars running is a rare experience that happens every February when the Ortega Run happens....

After a very enjoyable drive of about one and a half hours, our group arrived at the Thornton Winery, our destination for the past 14 years. As usual, there was private parking for our Ferraris. True to its reputation, we were served a sumptuous buffet of Caesar Salad, a choice of pastas, beautifully done grilled top sirloin and champagne poached salmon. To top off the excellent meal, a desert of New York Style Cheese Cake with fresh fruit topping was served.

After 14 years, the Ortega Run continues to be one of the club's most popular events. This is because it offers smooth roads, superb scenery and an excellent opportunity for owners of both vintage and modern Ferraris to enjoy their wonderful cars in addition to renewing old friendships. Thanks to everyone for their participation. *SF*

A Visit to Maranello

Article and Photos By
Bruce Leeds

Ferrari's home

On a beautiful sunny Saturday morning last September, we boarded the shuttle bus at the Enzo Ferrari Home and Museum in Modena, Italy, for the town of Maranello about 10 miles away. Maranello is, of course, the home of the Ferrari factory, which dominates everything else in the town.

Maranello is not a large town and just about everything you want to see is within walking distance. A good starting point in Maranello is where the shuttle bus drops you off - the Ferrari Gallery on Viale Ferrari, about 2 blocks from the factory. The Gallery has a collection of historic Ferrari road and race cars, including an array of recent year Formula One cars. There is also a café and a gift shop - the first of several in town.

On Viale Ferrari there are several other Ferrari gift shops - and even one selling Lamborghini merchandise. The items in the stores are similar and the prices are also about the same. You will find wearing apparel, hat pins, books, models, pens, jewelry and many other items. If you want to bring back Ferrari souvenirs this is the place to find them.

Many of the stores on Viale Ferrari also offer "test drives." These are Ferraris that you can take on a 10 minute drive around Maranello. The prices range from 60-70 Euros for a Ferrari 430 to 150 Euros for a 599 or 458. You get to drive the car with a chaperone in the passenger seat to guide you.

The main street in Maranello is Via Abetone. At the intersection of Via Abetone and Via Fomace is the iconic original main gate to the Ferrari factory. You can view and take photos of the gate from the sidewalk but if you try to get closer the guards will shoo you away. The Ferrari factory is off limits to casual visitors. Tours are available to Ferrari owners but must be arranged in advance.

Across the street from the factory entrance is the Hotel Planet. The official Ferrari Store is on the ground floor of the hotel. The shop has many of the same items as other gift shops in Maranello, but also has some unique collectables, such as parts from Formula One cars. Present your FCA membership card to obtain a discount at the store (don't ask me how much since I didn't have my card with me).

About one block behind the hotel is the home of Scuderia Ferrari - the Formula One race team. If you are able to arrange a tour of the factory they may also take you here. Otherwise you are limited to seeing the outside of the building on the other side of a fence.

of NEWPORT BEACH

Complementary Service Clinic for Ferrari owners.

Each month on a selected Saturday morning, Ferrari of Newport Beach is conducting a Service Clinic for Ferrari owners. Our knowledgeable factory-trained technicians will perform a 62-point inspection, computer diagnostic and thorough review of data plus answer any questions the owners may have about their Ferrari.

Ferrari of Newport Beach Service Clinics are limited to only 4 cars, which allows for an in-depth analysis of each car's current condition, maintenance needs, open recalls, factory campaigns or updates.

Register to attend or have your Ferrari considered for our next monthly service clinic. Guests are very welcome to observe the clinic activity and enjoy the Ferrari experience.

On the other corner opposite the Ferrari main gate is the Cavallino Restaurant. This is where Enzo Ferrari had lunch each day. The restaurant is a bit pricey but serves excellent meals. Advance reservations are recommended – if not required.

If you walk about 10 minutes up Via Abetone away from the town center, you will have the best opportunity to catch a glimpse of the Fiorano test track. The view is not that good because you have to look through trees and a chain link fence – but is the best available. Formula One cars are no longer allowed to test there, but the day we visited production cars were doing hot laps around the course.

The Maranello town center is a short walk away in the other direction. It is typical of a small Italian town with a church, school, banks, restaurants and stores. The traffic circle in the center has a Ferrari monument and a nearby store sells Ferrari souvenirs (and other merchandise) at better prices than the shops closer to the factory and Gallery.

You can do a nice tour of Maranello in a day. If you are able to arrange a visit to the Ferrari factory, plan on three hours for the complete tour. If you can't go to the Cavallino Restaurant for lunch, there are other good restaurants in all price ranges in town. Buon viaggio!

LaFerrari Debut

Article and Photos By
Ferrari SpA

Supercar from Maranello

The wraps are finally off the LaFerrari. The Prancing Horse's eagerly-anticipated limited-series special, of which just 499 will be built, made its world debut at the Geneva International Motor Show.

For Ferrari the development of a limited-series special like the LaFerrari represents an opportunity to experiment with all the technological solutions that will later filter down onto the production cars. The hybrid technology used, known as HY-KERS, represents the perfect combination of maximum performance and lower emissions.

The LaFerrari is equipped with dynamic controls that are integrated for the first time ever on a Ferrari road car with active aerodynamics and the HY-KERS system. Thanks to Ferrari's proprietary logic which govern all the systems, the car can achieve absolute levels of performance, aerodynamic efficiency and handling without any form of compromise in any area and inspired by F1 single-seaters.

The LaFerrari's architecture posed the first challenge for the Prancing Horse team at the planning stage of the design. The aim was to achieve ideal weight distribution (59% at the rear) and a compact wheelbase despite the extra bulk of the hybrid system. The result is that all of the masses are situated between the car's two axles and as close as possible to the floor to lower its center of gravity and thereby guarantee dynamic handling and compact dimensions.

The LaFerrari's chassis features no less than four different types of carbon-fiber, all hand-laminated and autoclave-cured in the racing department using the same design and production methods as the Formula 1 car. This helped optimise the design: various functions were integrated (e.g. seats and battery compartment) into the chassis to improve torsional rigidity (+27%) and beam stiffness (+22%) whilst cutting weight.

The LaFerrari is the first road car in Ferrari history to be powered by the HY-KERS system. This powerplant represents the pinnacle of engine development and research, with a 6262 cc V12 that punches out 789 hp and revs to a maximum of 9,250 rpm, a record for an engine of this displacement. It also features a very high 13.5:1 compression ratio and a high specific output equal to 128 hp per liter. The engine is coupled with a 163 hp electric motor, giving it a combined power output of 952 hp.

The high torque levels available at low revs from the electric motor allowed the engineers to optimize the internal combustion engine's performance at higher revs, to provide a constant supply of exceptional power throughout the rev range. The hybrid system is composed of two electric motors developed in collaboration with Magneti Marelli – one powering the driven wheels and the second the ancillaries – and a battery pack attached to the floor of the chassis consisting of cells that are assembled in the Scuderia Ferrari department where weight distribution, but also to boosting energy efficiency as torque is instantly available to the wheels and, vice versa, from the wheels to the electric motor in recharging. *87*

"We chose to call this model LaFerrari," declared Ferrari's President, Luca di Montezemolo, "because it is the maximum expression of what defines our company – excellence. Excellence in terms of technological innovation, performance, visionary styling and the sheer thrill of driving. Aimed at our collectors, this is a truly extraordinary car which encompasses advanced solutions that, in the future, will find their way onto the rest of the range, and it represents the benchmark for the entire automotive industry. LaFerrari is the finest expression of our company's unique, unparalleled engineering and design know-how, including that acquired in Formula 1."

President's Drive

and Party

It's hard to believe that my two year term is already coming to an end. I thought it would be nice to enjoy a leisurely, passenger friendly drive through the majestic rolling hills of the Santa Monica Mountains with my fellow Ferraristi's. Then party with the Brady Harris Band.

Saturday, April 20th Noon - 4

We will depart Mogan's Café in the Palisades at noon and take a lovely scenic drive for approximately one hour and fifteen minutes and rendezvous at the Malibu Golf Club. There we will enjoy the Brady Harris Band at the outdoor wine bar of Malibu and Vine. Brady's voice has a resemblance of John Lennon as he crafts country rock with a pop edge. Malibu and Vine overlooks the perfectly manicured # 1 fairway in one of the most breathtaking settings in all of Southern California.

We will enjoy a sampling of light bites from the fantastic chef while we rock to the music from 2:00-4:00. Please join in my celebration of being your President.

\$50 per person includes driving tour, parking, light bites lunch and band. Wine tasting is on your own. I look forward to seeing you there!

Monza Comes to Long Beach Formula 1 Viewing

Sunday, September 8th
10:00 am – 2:00pm

For your enjoyment, the FCA Southwest Region has arranged a most enjoyable opportunity to view the F1 Race from Monza, Italy on large screen. This is the premier event of the season and the Cavallino track of choice.

The location will be the luxurious gardens of "Rancho Los Alamitos", near Long Beach, CA. Exclusive Ferrari parking on the Bixby Ranch's tree-lined streets, adjacent the rural vestiges of the buildings and grounds from California's 1800s. www.rancholosalamitos.com.

Our group will have the exclusive use of this botanical park-like western setting and the newly constructed "Garage" for our viewing and sumptuous carving station buffet.

Please reserve the date as registration begins in our next issue of the *Sempre Ferrari*.
