## President's Corner By Bill Inglis

Dear FCAers,

Already, May is upon us and we have our elections for the new Board members coming up in July. A number of us will remain on the Board for another year. We were pleasantly surprised at the number of people who want to run for the Board this year. A separate election ballot has been mailed to all members. We'll have the announcement of all the Board members who have been elected at the July 20th Picnic at the Peterson Automotive Museum, at which you are all invited. Your Ferrari Club of America of Southwest Region will be hosting lunch for everyone.

I am pleased to tell you that we have had a number of younger members joining the Club and participating in our Board meetings. Some of them have even volunteered to run for the Board. I take this as an extremely positive sign for the Club. They have already established a number of Day Driving events that they have put on by themselves. I think you'll find the Club invigorated by their membership. We, on the Board are enthusiastically welcoming the Youth movement because it ensures creative new ideas on how to enjoy our Ferraris with a whole new group of Ferrari enthusiasts.

We just had the tour of Jack Croul's Garage in Costa Mesa, and I will tell you that it was an absolutely amazing collection of cars that have all been raced in the '50s and '60s. Jack takes one or two of them over to the Goodwood Event in England every year. He also participates in other events with his cars in Europe and here in America. The cars were magnificent and it's great to see an enthusiast who actually uses his equipment to the fullest and doesn't just sit around and look at them in a garage somewhere. He is truly an automotive sportsman. Thanks to Don West for putting on the event.

On the 24th of May, it will be the Mineral Springs Weekend Ride and Drive, and they already have a great turnout for this event. If you have never been on this event, I highly recommend it because you'll have a really wonderful weekend, especially if you like driving your Ferrari on scenic roads in Central California.

I hope to see you all next month at our Picnic at Peterson Automotive Museum. Regards, *Bill Inglis, FCA Southwest Region President*

# Palm Springs Weekend

Article by Carlos Amato Photos by Wally Clark

**To say that organizing an out-of-town, two-day, fun-packed event for a group of 20-plus Ferrari owners is a challenge would be a gross understatement.** So let's get the record straight: The Palm Springs Weekend event was a terrific success thanks to the extraordinary effort of its two organizers, Demetri Zafiris and Kevork Hazarian.

The weekend started Saturday at the Palm Springs Air Museum where the group gathered to tour the World War II aircraft collection with guides that are actual veterans and pilots that flew in some of the twenty two still flyable airplanes displayed. There were also WWII artifacts, memorabilia and uniforms, video documentaries, flight simulators, and rare and original combat photography. Our group had lunch between the airplanes in one of the large hangars.

The collection of World War II airplanes is one of the largest in the world and it is owned by Robert (Bob) J. Pond. Bob was a naval aviator who decided to work for his family business, fabricating commercial floor cleaning and polishing machines, instead of continuing his aviation career with the airlines as most naval aviators do. His business was so successful that when he sold his company, he bought his own airline. Except his "airline" does not contain an ordinary commercial jet airplane lineup; it is a collection of almost every possible Navy fighter from World War II: a Boeing B17 Flying Fortress, a North American B25 Mitchell bomber and other German and British airplanes from the era. His collection is kept at the Palm Springs Air Museum.

In addition to Bob's airplane collection, the museum has access to a perfectly original WW II Japanese Zero fighter that still has the original Sukhoi engine. This Zero was found in Alaska a week after it crashed, with the pilot still in the cockpit, and was rescued by the Navy to study its design and incredible performance. We were very lucky to see a demonstration in which the Zero took off and did some passes overhead before it flew away back to its home at the Chino Air Museum. So unique is this aircraft that several years ago when it was shipped to

Japan for an Air Show, and since Japan does not have any Zeroes, they offered to buy it. The response from the Chino Museum was: The airplane is not for sale, it belongs to the Americans now.

After returning from the museum we checked into our hotel and spent the rest of the day in the pool. That evening we were treated to a fantastic dinner and dancing to music provided by a DJ.

The saying goes: "He who owns planes also owns cars," and Bob is no exception. He has what most of us would consider a dream come true, a 125 private car collection at home. So, on Sunday morning we were picked up by a VIP Coach at the hotel and were driven to Robert Pond's 20-acre private estate in Palm Desert to see his toys. The collection includes anything from a 1906 Model T Speedster to a 1998 Ferrari 456 which gets driven daily. He has 18 Ferrari cars including an F40, 288 GTO, 512 BB, 275 GTB4, 250 Lusso, 246 Dino, Daytona Coupe, Daytona Spider, 250 GTO Replica, etc. etc. all lined up in a separate garage.

I stood in front of four 4 feet tall by 5 feet wide whiteboards in one of the many carpeted garages that had a complete list of all the cars, from 1 to 125, in alphabetical order and by model, listing when each car had been serviced, when it was last run, what parts were replaced, wondering what my wife would say if I said to her, "Honey, I need to get 14 batteries, I will be right back." There were several Packards, seven Rolls Royces, a 1935 Chrysler Air Flow, a 1948 Tucker with a very cool interior, factory racing Aston Martins, Maseratis, Lamborghinis, a Citroen 2CV, a Cobra, a Vector, a Fiat 500 Jolly, you name it, it was there. Bob says he tries to drive a different car every day..... He also owned a race car team, Bob Pond Racing, with 800 Horse Power cars. Life can get really complicated.

Ah, and there was also a car auction and a Concours, with awards, shiny cars and all that. But I am still thinking about that Zero taking off in less than 200 feet....

See you next year.

# The Australian Grand Prix

Article and photos by Wally Clark

**The first F-1 race of the season was celebrated at Chuck Lamb's McLaren race shop in Brea on Saturday, March 8 (which was March 9 in Australia).**

Over 100 people showed up to enjoy an excellent Italian buffet and race on big screen TV's. All of Chuck's black Ferraris were prominently displayed and his two McLaren Can Am cars were in the race shop. I think Chuck has enough big block chevy engines to support the entire vintage Can Am cars!

As always, a fun evening was had by all and there were even some awards given out for those who brought their Ferraris. Jo Snyder, who makes neat Ferrari jewelry, made a nice donation to the club based on sales she made at the event. A great big THANK YOU goes to Chuck and MaryAnn Lamb for hosting a super event. By the way, the McLaren won the race! **SF**

Even with the threat of rain, the “Classics for Charity” 11th Annual Beverly Hills Mercedes Car Show was a great showing of cars and Ferraris.

# Beverly Hills Mercedes-Benz Show

Article and photos by Wally Clark

This show was rescheduled from mid March to April 13 because of rain. It almost rained on the 13th and I think a lot of people stayed home because they thought it would rain. It actually did sprinkle, but the sun was also out. Only about one half of the Ferraris showed up and there were few to judge. Of the Ferraris that were there, besides the new cars, was John Mozart's 250 GTO #3909, Chip Conner's 166 Touring body coupe, and Steve Tillack brought the 250MM that got a third at Pebble Beach. There were Hot Rods, Customs, lots of Mercedes, classic cars, and American cars of all kinds. The feature was the “Monster Garage” cars, of which there were four. Also featured were motorcycles, mostly customized.

It is really hard to have a show that was rescheduled, but Vinnie Mandzak and his crew did a good job in spite of the weather and the logistics. **SF**

We will again have a viewing tent at Laguna Seca at turn 5 for an exciting view of the Vintage Races. On Saturday, a BBQ lunch and soft drinks will be included. Space is limited so do not be one of the disappointed! Remember prior years when we sold out early. Our parking corral will be immediately adjacent to the tent and will be available to those signing up for the viewing stand. Tickets to access the track grounds (necessary to reach our corral) are available directly from the track at [www.laguna-seca.com](http://www.laguna-seca.com)

**Riverside, CA So you'd love to take that new Enzo (which, after what you paid for it, is the only car and possession you now own) out to the track, but you're worried about the species of bugs you may collect on your windshield in the process? My reply to you is, Here's some Windex!**

Lucky for you, you don't answer to me. And even luckier you, you have options which would still allow you to keep that Enzo safe from windshield-cracking pests! So, with what little you have left, let's go karting—the least expensive form of motor sports that exists and THE entry level to motor racing.

I can assure you that the likes of Ayrton Senna and Michael Schumacher did not get their start behind the wheel of a Formula 1 car. Karting caters to people of age 5 and older. And with motorsports quickly becoming the most popular sport of all sports in America, the public interest in karting is greater than ever. So, to launch their careers as the next Formula 1 World Champions, several of our members

# Let's Go Karting!

Article by Simon G. Atik

headed out to Riverside, CA on March 30, home to Adams Kart Track, one of the oldest and most respected karting tracks in the country.

The half-day event began at 8:30AM with a brief driver's meeting. This was followed by a walk of the track led by Troy Adams, who grew up on this track and now plays a key role in the day-to-day operations of this family-owned business. Troy pointed out the ideal line which we should be driving on this track, which included references to the braking zones and apex of each of the 14-turns. After the tour, we were given our equipment, divided into groups of 5 and assigned a go-kart based on the size of our derrieres.

If you've never driven a go-kart before, it is nothing like driving a car. Any expertise you may possess in automobile dynamics should be left at home. These 100cc karts behave much differently than your 3,000lb+ hunk of metal. Every movement must be reduced by ten-fold, as the kart reacts swiftly to the slightest turn of the steering wheel or tap of the brake or accelerator. Perhaps the most noticeable effect is sitting only 2 inches above the road, while being hurled flat out at over 60MPH down the long and heart-pounding 700 foot straight. Your body vibrates and your teeth chatter, almost violently at times, to the change in pavement beneath you. The sensation is almost numbing, but it's here you realize these carts have no suspension, and after the seat you're in, your body is absorbing the rest of the fun!

Do this long enough in a single day and I guarantee you won't be able to move a muscle for a week (tip: make sure your seat fits VERY snug!). But, once you've recovered, you'll want to sell the Enzo and buy yourself your own karting track, with some change left over to pick up a used 355 Spider. So, what are you waiting for? Lets go karting!

**SF**

**Thanks to Kevork Hazarian for coordinating our great day of kart racing, and to Adams Kart Track for accommodating our club. Kevork has scheduled an event for our youths to drive karts at Adams Kart Track. See page 6 for details.**

# Ride & Drive to Monterey

## Thursday, August 14, 2003

Come join fellow Ferrari owners in a leisurely drive up the coast to the world's greatest sports car event in Monterey with a stop for lunch at Cafe Roma in San Luis Obispo. It's mostly freeway driving to San Luis Obispo and after lunch, people break up and choose to continue on Hwy 101 or take Highway 1 along the coast to Carmel-Monterey.

**Meeting Time** 8:30 A.M.

Thursday, August 14th. We plan to leave promptly at 9:00 A.M.

**Meeting Place** Taft High School

on Winnetka Ave. and Ventura Blvd. in Woodland Hills.

**Lunch** Shore Cliff Lodge & Restaurant

(Buffer Style), 2555 Price Street, Pismo Beach, CA 93449, 805.773.4671.

Cost \$25.00 per person prepaid (includes soft drinks, iced tea and lemonade).

**Phone** Bill Inglis: Day - 818.593.6228, Evenings - 818.999.0588

**Signup** Mail payment Payable to FCA Southwest Region for lunch to:

FCA Southwest Region - Cafe Roma

4358 Nogales Drive

Tarzana, CA 91356

**Maps** Will be distributed at meeting place, but can be faxed before event if desired.

**Hotels** Near starting point in Woodland Hills:

For those of you who wish to stay overnight before the drive to Monterey, there are 2 hotels across from Taft High School:

Extended Stay America - 818.710.1170, Executive Inn - 818.347.8080

### Car Preparation

- |                   |    |  |
|-------------------|----|--|
| <b>CHECK LIST</b> | 1. | Car full of fuel. We will be making several stops but it is a good idea to leave with a full tank. There is a Chevron Station one block east of the meeting place and a Mobil across the street. |
|                   | 2. | Check tire pressures including your spare.   |
|                   | 3. | Check fluid levels. This is a long drive so it is also a good idea to check the oil and water levels. there is a good chance to really measure how much oil your car consumes.                   |
|                   | 4. | Drive Safely!  |
|                   | 5. | Bring water and snacks to keep alert. There is a Ralphs market across the street. Bathroom access is available at Ralphs as well as Taft High School.  |
|                   | 6. | If you become bored and wish to go a little faster, we will meet you at Shore Cliff Lodge & Restaurant around 12 o'clock noon.   |
|                   | 7. | Bill Inglis cell phone 818.512.7049.   |

**Note:** Remember this is not a speed contest so please drive accordingly.

All participants assume full responsibility for their own safety.

# MEMBERSHIP APPLICATION

As an FCA member, you will be entitled to attend Ferrari Club Of America events. These include an annual meeting (hundreds of Ferraris, hundreds more people, a swap meet, concours, rally, track event, and banquets) as well as many smaller regional events. Also, you will regularly receive the club's two periodic publications. The monthly NEWS BULLETIN will bring you a calendar of events, classified ads, Formula One race coverage, and more. The quarterly magazine PRANCING HORSE is where you'll find in-depth features on particular Ferrari types, interviews with "Ferrari people", visits to Ferrari-related production facilities and museums, information on Ferrari literature and models, and coverage of Ferrari gatherings both here and abroad, all thoroughly illustrated with colorful photos and drawings.

# FCA/SW Policies

**Publishing Policy:** The Sempre Ferrari Newsletter is a publication and copyright of the Ferrari Club of America/Southwest Region (non-profit). Postage is paid in California. It's purpose is to provide timely notification of club events and deliver information beneficial to members and enthusiasts of Ferrari.

The Ferrari Club of America and Newsletter publishers do not warrant the accuracy of editorial content or photographs nor do they recommend or endorse any information presented or warrant or verify the claims of ads. We reserve the right to refuse to publish advertisements that are not club related activities or events.

**Submissions:** We encourage contributions of editorial material on a variety of Ferrari related topics including event reviews, book and video reviews, tech tips, etc. All articles and photos submitted for publication are subject to revision or rejection at publisher's sole discretion. Material is submitted and published without compensation. Only material or manuscripts from the original writer or copyright-permission articles will be considered for publication. Submission of original material constitutes a perpetual, nonexclusive license for the Ferrari Club of America to print and/or reproduce in any manner, and for any purpose, said material. Submissions to the newsletter should be received by the 10th of the month for inclusion in the following issue. Fax all materials to Wally Clark at (714) 663-6478.
